The eDocSync Suite

- Composed by 5 components:
 - **eDocSync PC Client**: regular instance.
 - **eDocSync Server**: Personal Online Document Server with the same functionalities as the PC Client.
 - **eDocSync Web**: consult your shared documents via a navigator web.
 - **eDocSync IOS**: consult your shared documents directly on your iphone.
 - **Enterprise Private Meeting Point**: gateway solution providing a private eDocSync network for each company for the optimal level of security.

The Enterprise Private Meeting Point

- Monitor information exchanges through industry-standard firewalls and DMZ architectures.

The Enterprise Private Meeting Point

- Once installed with our help, the Meeting Point is fully managed by the company.

Only requirements: external IP address

Configuration

The Meeting Point allow to administrate two elements essential to the functioning of EdocSync:
-the relays. The role of a relay is to enable EdocSync contacts not connected directly (via LAN or Internet) to communicate.
-and the EdocSync contacts.

Parameters Password Email Activation information for the users

Speed by default via the Meeting Point Kb/s

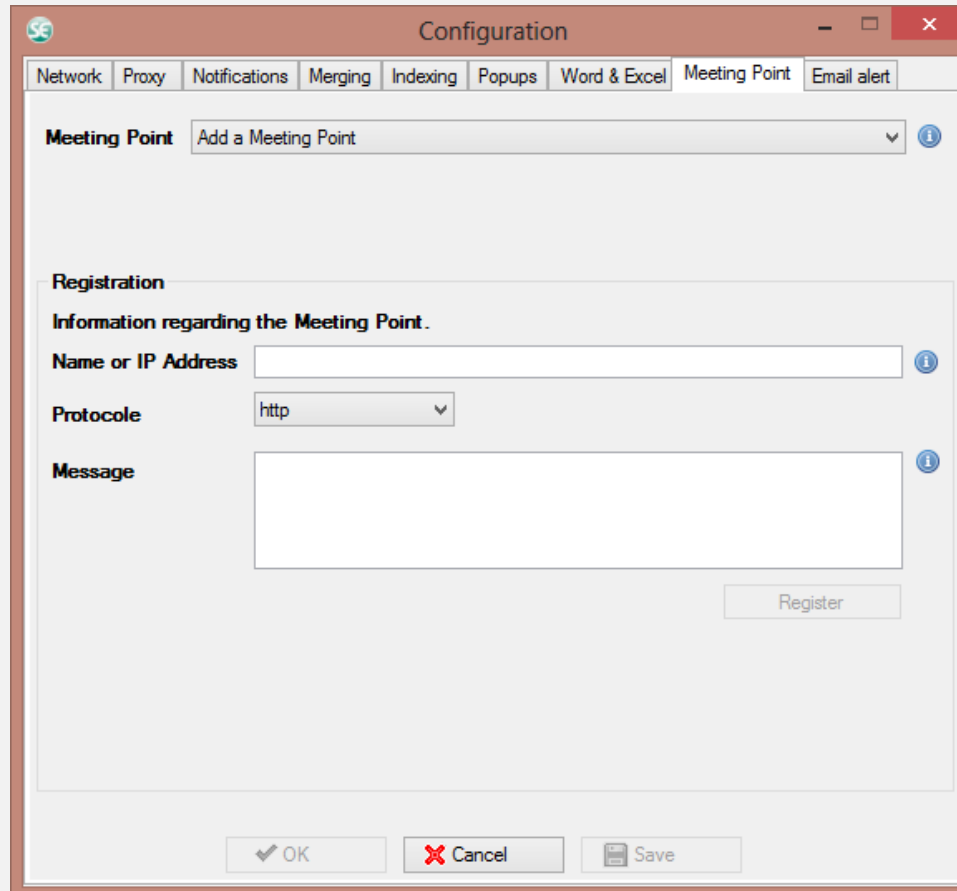

Description

 Add a Relay

			Enabled	Description	IP Address	Port	State	Priority	
		Delete	Edit	<input checked="" type="checkbox"/>	Meeting P SYB Test	87.98.133.160	4000	Stopped	2
		Delete	Edit	<input checked="" type="checkbox"/>	Meeting Point syb	87.98.133.160	4454	Started	1

The Enterprise Private Meeting Point

- Each user must register himself on the Private Meeting Point (password protected). Option only available for eDocSync Pro users.

The screenshot shows a 'Configuration' dialog box with the 'Meeting Point' tab selected. The dialog has a title bar with a logo and standard window controls. Below the title bar are tabs for 'Network', 'Proxy', 'Notifications', 'Merging', 'Indexing', 'Popups', 'Word & Excel', 'Meeting Point', and 'Email alert'. The 'Meeting Point' section contains a dropdown menu labeled 'Add a Meeting Point' with an information icon. Below this is a 'Registration' section with the heading 'Information regarding the Meeting Point.' It includes three input fields: 'Name or IP Address' (with an information icon), 'Protocole' (a dropdown menu showing 'http'), and 'Message' (a large text area with an information icon). A 'Register' button is located at the bottom right of the registration section. At the bottom of the dialog are three buttons: 'OK' (with a checkmark icon), 'Cancel' (with a red X icon), and 'Save' (with a floppy disk icon).

The Enterprise Private Meeting Point

- Each request to join the Meeting Point must be accepted by the administrator.
